Notification of Australia Awards Scholarship selection outcome (for study commencing in 2027)

Dear Applicant,

Thank you for your application for an Australia Awards Scholarship. There were many applicants for the Scholarships for study commencing in 2027 and the selection process has been very competitive.

I regret to inform you that, on this occasion, your application for an Australia Awards Scholarship has been unsuccessful and will not be considered further. The Program does not provide individualised feedback on applications, but I can inform you that most unsuccessful applications did not proceed for one or more of the following reasons:

- They did not meet the published eligibility criteria,
- Required documents were missing, and/or
- They did not score sufficiently well in the independent assessment.

Please note that the decision of the Selection Committee is final and confidential. The Committee will not enter into any correspondence about its decisions.

I hope your experience will help you prepare for a future round of the Australia Awards application. The next round of scholarships will be advertised early in 2027 for study commencing in 2028, if you wish to apply again.

I wish you success if you choose to re-apply and thank you again for your interest.

Yours sincerely,

Nicki Baird
